🎓 Education

B.Tech in Computer Engineering | Sanjivani College of Engineering, Kopargaon
2023 – Present | **3rd Year** (Expected Graduation: 2027)

💻 Skills

- **Languages**: C, C++, Python, JavaScript
- **Web Development:** HTML5, CSS3, Bootstrap, React.js, Node.js, Express.js
- **Databases & Tools**: MongoDB, Git, GitHub, Render, ThingSpeak (IoT)
- **Core CS**: Data Structures & Algorithms (5 star in Data structure and algorithm(DSA) on HackerRank), Software project Managent

🚀 Projects

1) PayKeeper – Personal Finance Manager | Full Stack | Sep–Dec 2024
Built a finance management web app with secure authentication and transaction tracking.
Deployed on Render with smooth multi-user handling.
Stack: Node.js, Express.js, JavaScript, HTML, CSS.

2) Shubhangi Collection – E-commerce Website | Client Project, 2025
Designed and developed an e-commerce + salon appointment system.
Added admin panel and integrated MongoDB for 100+ product/user records.
Collaborated with client and peers for requirements and delivery.

🏆 Achievements

- Solved 50+ DSA problems (arrays, recursion, graphs, DP) on LeetCode & HackerRank (5 star in DSA on HackerRank)
- Actively contribute to different projects and team coding challenges.
- Participated in college hackathons and collaborative development projects.

📌 Strengths

- Strong problem-solving and CS fundamentals.
- Quick learner and adaptive to new technologies.
- Effective collaborator in team-based projects.
